Chief

United States Secret Service

Treasury Department Washington, D. C.

Eroni

John Edgar Hoover, Director Federal Bureau of Investigation

Subject:

UNKNOWN SUBJECT: HARRY TOMOGRE HARRIETT MOORE VICTIMS

CIVIL RIGHTS.

This will confirm the following

furnished telephonically to

of your Service on January 2, 1952,

representative of this Bureau.

Ever since the Christmas bombing of the home Harry T. Moore, Florida official of the National Association for the Advancement of Colored People, which resulted in his death, the east coast Communist newspaper "Daily Worker" has been appealing for communications to Fresident Trumans Attorney General J. Howard McGrath, and Florida Governor Fuller Warren demanding a halt to "the genocidal terror in Piorida." In addition, protests emanating from Dommunist and non-Communist sources have been feat, ed. The December 31, issue announced that more than 200,000 flyers relating to the bombing were issued and circulated by the "Daily Worker" publishers.

Elsewhere throughout whe country Communists and Communist-dominated Harours also have been active in exploiting the bombing. For example, it has been reliably reported that: 3311506 40 1430 reported that:

The Los Angeles County Communist Party instructed President, the Attorney General, and the Governor Florida.

(Los Angeles tel 12-29-51 re CP, USA, Negro

A meeting of the Rose Chernin Defense Committee was held on December 27, 1951, at which time it was decided to send similar telegrams. Chernin, a west coast Communist leader, presently is awaiting trial for violation of the Smith Act.

(same as above)

3. The Civil Rights Congress, cited as a Communist organization within the purview of Executive Order 9835, was planning to send a special delegation to Mims, Florida, from New York City for the purpose of attending Moore's funeral. (NY tel 12-29 re CRC: Philadelphia tel 12-31 re CP, USAIO)

The above is for your information and should not be disseminated outside your organization.

MR. TOLSON: VIN

I called that we had learned had been granted 30 days additional leave; that we felt it would be improper for us to ask for his transfer since this would be injecting ourselves into the internal admin stration of the War Department and, furthermore, we could always get hold of should we need his services.

RECORDED-39 Rerep ASAC W. W. Burke, Jr., January 11, 1952, Miami

Page 89 of rerep makes reference to a security matter investigation and also reveals the identity of a former informant of the Miami Office. It is desired that this page be rewritten in the proper manner and copies be made available to the Bureau and other Offices receiving copies of this report. This should be handled without delay.

Rerep is a lengthy report and reflects very little organization in its preparation. As an example the results of interview with neighbors are scattered throughout the report rather than being grouped together in a logical manner. Likewi e investigation concerning one specific phase of the investigation is reported in various parts of the report. The report has very little continuity and is extremely hard to analyse to determine if all leads have been covered. Previous lengthy reports in the Carver Village and Jewish Property cases were very well of anized and prepared and it is suggested that the form and organization of those reports be followed in future reports prepared in this case. It is also desired that a table of contents and an index be prepared in future voluminous reports in this case.

Three copies of reports are sufficient for Bureau, purposes in this case.

Memsandum • United sates government DATE: January 2, Mr. Ladd Mr. Roses DATE OF REVIEW SUBJECT: UNKNOWN SUBJECTS 12-2-82 HARRY T. WMOORE DEMATION CONTAINED HARRIETT MOORE - VICTIMS ALL IN HEREIN IS UNCLASSIFIED EXCEPT CIVIL RIGHTS WHERE SHOWN OTHERWISE. PURPOSE: To advise that Miami has requested authority for the interview of John M. Coe, a prominent Pensacola, Florida, Attorney, who is listed as a prominent person in the Special Section of the Security Index. DETAILS: Information has been developed by the Miami Division that John M. Coe, Attorney, Pensacola, Florida, recently made the statement that he had been retained by an insurance company to investigate the death of victim Moore. It is further reported that the insurance company was in the process of drawing up a policy can Moore's life, however, it is not known whether this policy was in effect at the time of Moore's death. Miami requested authority to have Coe interviewed. Coe is the subject of a Security Matter-C investigation. The Bureau's file (100-358684) reflects the following information: John Mareno toe, U. S. born prominent attorney of Pensacola, Florida, has represented known Communists and racial cases of interest to the Communist Party in various courts throughout the South. The has associated with known Communist Attorneys and has attended meetings at which Communists were present, such meetings being in connection with cases handled Coe. He has contributed to the Daily Worker and other Communist or anizations. He was a member of the United States Army for approximately seven months during 1918. He has two sons, one served in the Air Force and the other in the Army during World War II. He has two daughters, both of whom married U. S. Naval Officers. Coe served a short time as Special Assistant to the U. S. Attorney at Pensacola, Florida to handle routine criminal cases shortly after World War I. On August 5, 1950, Coe was ousted from the Kiwanis Club, Pensacola, Florida. At that time he reportedly said, "I am not a DECLASSIFIED BY SO PDST:bsw Attachment

Communist and I won't join the Communist Rarty because I won't put that yoke around my neck but I go along with a lot of their policies and believe their philosophy and principles are right but I would never resort to violence against my country." He was then asked, "Then would you say that you are a fellow traveler?" To which he replied, "I believe I can be rightfully defined as such."

The Bureau's investigation has not determined any evidence of actual Communist Party membership on the part of Coe, however, he is listed as a prominent person in the Special Section of the Security Index of the Bureau.

RECOMMENDATION:

That it is necessary and advisable to interview Coe immediately for any information he may possess which may be of value to this and related investigations. A teletype granting such authority is attached.

admitted that could have been trying to impress him with his knowledge of klan activities, and, in fact, may know nothing whatsoever as to the identities of the person or persons who perpetrated instant plot. It added, however, that is not the type of person to "bluff" and received the impression that actually know what he was talking about.	Ъ6 Ъ7С
Continuing, this informant said that although he, was born and raised in the South, does not especially care for Negroes, he stands against such occurrences as the Mims, Fla. dynamiting and would assist the authorities in every way possible to solve this case if his identity would be protected. He stated that he and are "fairly close friends", they go fishing bogether occasionally, and he feels that would take him into his confidence on practically any matter. According to this informant, indicated to him,, during their discussion near Chattanoochee, Fla., recently concerning and the Klan, that he, could probably "make the necessary arrangements for joining the Klan" if was interested. At the time gave him a non-committal answer, but left with the idea that he, was definitely interested in the matter.	b6 b7C
Without any prompting from the interviewing agent, volunteered the statement that "I could become a member of the Klan and still not believe in their principles."	

b6 .b7C

and the contract of the contra
Agent explained to that any action he took along this line
would very definitely have to be on his own initiative and he agreed that he understood this. It was impressed supon him that the
if he actually decided to join the Llan. the decision would have
to be his own as this Bureau could not sanction such action and
that he could in no way consider himself a representative of this Europa in such action
this Bureau in such action said that he fully understood this and would decide for himself just what course he would pursue
within the next few weeks.
It should be pointed out that is not the
"detective complex type", but on the contrary, seems to be a sober and intelligent person who has excellent potentialities
as an informant in Klan activities. During the course of the
interview with him, he mentioned the fact that one
Apalachicola, works under him, and is a rabid Klans an in that
area.
Arrangements were made with whereby he will
be discreetly recontacted on or before 7/1/52, in order to
ascertain if he has developed any further pertinent information
he would attempt to do this in the meantime.

SECTION 16 OF 1

CLASSIFIED INFOXEATION ENCLOSED

SAC. Miami (46-18220) Director, FBI Reurlet 5-5-52, and report SA 5-5-52, Miami. The first sentence in the report reflects that on This date should have been 1-3-51. It is further noted that in regard to application for Federal employment he apparently executed Standard Form 57 on 10-4-49, at which time he denied a prior arrest record in answer to Question 28 and denied belonging to any organization which advocates the overthrow of the Government of the United States by force or violence in answer to Question 26. It would appear that on 1-2-51, he executed Standard Form 58 which is a continuation sheet for Question 16, "Application for Federal Employment," Standard Form 57. He apparently executed only Standard Form 58 on 1-2-51, thus bringing the information in Standard Form 57 up to date. Since the exact date of giving the false statements (10-4-49, 1-2-51, or 1-3-51) is most important for prosecution purposes it is necessary that you find out the exact details of the execution of these forms by ______ The desired information should be obtained and corrected pages of the report submitted within seven days from the date of this communication. During the interviews he has given the impression that even if he does not know the persons who did the actual bombing he has information which might lead to the ascertaining of the identity of such individuals. During the course of interview it was impressed upon to be frank in his discussion of Klan activities so that any derogatory information which might be divulged against him, particularly in relation to "nides", might not operate to discredit him in the eyes of the Agents. He thereafter voluntarily furnished the information regarding his participation in the and the trip made with other Klansmen to beating of L Florida. At that time he stated those were the only occasions on which he has participated in any acts of violence in connection with Klan. activities. It is realized that the attitude of this informant is strange. The Agents handling him are particularly algor for any possible chicanery. His stery with regard to his entrance into the Klan and the purpose behind it leave rowe question of doubt. It is known that he is friendly with the Klan members commerated in this letter and that these members are the type of individuals who would engage in terrorist activities. Extreme caution will be utilized in contacting this informant and for the time being he will be afforded all of the discreetness surrounding the contacting of an informant. 1. Intensive investigation is being conducted regarding present whereabouts, and the other members mentioned. It is not telieved this informent can be "shoved" but will have to be handled diplomatically. If it appears at any time that he is not being truthful the Bureau will be advised immediately and consideration will be given to recommending possible prosecution under the Obstruction of Justice statute.
